PROF. KELSEY'S CLASSICAL CONFERENCE.

Many readers of The Stentor will be interested in the questions discussed by this important conference; the more so, that its existence was due almost wholly to the energy and enterprise of Professor Kelsey, so long identified with Lake Forest, and also that Dr. W. F. Palmer of the Academy and Miss Taylor of the Seminary participated in its proceedings. The following is based on the report of Professor Ashmore of the Union College, in Book Reviews:

The Classical Conference held at the University of Michigan on March 27-28, was one of the largest gatherings of its kind ever held in this country. The total number of persons in attendance exceeded four hundred, of whom one fourth perhaps were women.

After an address of welcome by Mr. Butts and remarks by President Angell, Professor Kelsey announced the aim and purposes of the conference. In doing so, he presented the claims of the ancient classics to a place in the modern system of education, and showed that these claims should not rest upon either tradition or prescription.

"If," said Professor Kelsey, "Latin and Greek are not better educational instruments than anything that can take their place; if there can be found studies the pursuit of which, in the same time and under like conditions, will produce better results in the training of our youth, then away with Vergil and Cicero, Xenophon and Homer. Thus far, however, we may freely say that no substitute has been found."

Professor Kelsey’s address was followed by the reading of a number of careful and thoughtful papers, two of which excited great interest. "The sources of our knowledge of the pronunciation of Latin" by Professor Rolfe of the University of Michigan, and "Notes on hidden quantities in Latin" by Professor Bennett of Cornell.

Wednesday’s proceedings included the report of a large and representative committee on the question: "What should be the preparation of persons who propose to teach Latin and Greek?" This report was followed by the adoption unanimously of the following resolution:

Resolved, That this conference desires to express its sense of the importance of a thorough training for teachers in all grades of classical instruction. Especially does it urge adequate preparation for the work of secondary education. The instructor should know much more than he is called upon to impart to his pupil. In the high school the ideal teacher in the classics will be one who has not only specialized in these branches as undergraduate and graduate, but who also by instinct and training possesses the enthusiasm to add constantly to past attainment by new study."

The rest of the day was occupied in the reading of many able and instructive papers. The evening session was devoted to the question: "Shall we have a six-year high school Latin course instead of a four-year course, and a three-year course in Greek instead of a two-year course?" The subject was discussed in carefully prepared and exceptionally able papers by Professor West of Princeton, Professor Hale of Chicago, and Superintendent Nightingale, of the Chicago high schools. All the speakers advocated the adoption of a three-year course in Greek in secondary schools for boys or girls preparing to enter college, and a six-year course in Latin for the same.

Resolutions were drawn up to this effect and submitted to the conference. Professors Bennett, West, Hall, Gudeman, Ashmore, and others advocated their adoption, and, after an interesting discussion, they were carried unanimously.
The session of Thursday forenoon was again occupied with papers. Among these was Dr. Palmer's "On the credibility of Livy," in which the reliability of that famous old historian was examined, and his deficiencies in the light of contemporary records and modern historical methods were set forth with unsparing hand. The paper received high commendation and excited an animated discussion; even those who loved Livy best had to acknowledge the force of Dr. Palmer's facts and arguments and the merit of their presentation.

Among the papers presented at the afternoon session, one by Professor Burton, of Rochester, aroused great interest and a very animated discussion. His subject was, "The benefits accruing to classical studies from previous study of modern languages." Though the balance of opinion seemed to be against this plan, several of those present expressed a desire to see the experiment tried.

The feature of the evening session was an address by Professor Paul Shorey of the University of Chicago, who dwelt on the importance of Greek in modern education, attacked the modern tendency to substitute chemistry and physics for it in the schools, and opposed the idea of a single degree for all courses. He defended the traditional A. B. degree as the proper and most convenient symbol for the course in Greek and Latin in American colleges and universities, and insisted that, if the scientists were determined to appropriate the degree of A. B. and bestow it upon students not trained in Greek, the classicists should separate from the scientists and select some other symbol—B. L., for example—for their own special use. His argument was based on the fact that there are two types of education now prominently before the public, one based on the systematic historical study of the best that has been thought and said in the world, and the other depending mainly on the discipline of the laboratory.

The evening and the conference closed with the singing of the hymn to Apollo by Professor Lamson of the University School of Music. An account of the recent discovery of the hymn by the French at Delphi and a translation into English of the text were given by Professor D'Ooge of the University, to the great delight of the large audience.

NATIONAL LEAGUE OF THE COLLEGE CIVIL SERVICE REFORM CLUBS.

At the annual convention of the National League of Civil Service Reform held in Chicago last December, there was conceived the project of establishing civil service reform clubs in the principal colleges and universities of the United States, and uniting them in a common cause by a national organization. It was urged that in college-bred men lies the greatest hope of success of this great reform movement. Accordingly the secretary of the National League placed himself in communication with the presidents of the higher educational institutions of the country, calling upon them to send delegates to a convention to be held in Chicago, May 3. The responses to the call were prompt and encouraging. When the convention assembled at the Marquette club house on the appointed day, while many institutions were unable by various reasons to have delegates upon the floor, it was found to be fairly representative geographically of the entire country with the exception of the far west.

The sessions of the convention were busy and enthusiastic. A constitution, nearly identical with that of the National League of Civil Service Reform was adopted, which declares that "the object of the National League of College Civil Service Reform clubs shall be, in alliance with the National League of Civil Service Reform, to impress upon the students of the colleges and universities of the United States the need of civil service reform, to extend their knowledge of the principles
and methods by which this reform can be accomplished, and to promote the purposes and facilitate the correspondence and the united action of civil service reform associations."

After the adoption of the constitution and the election of the officers of the newly constituted league, the convention proceeded to the discussion of methods. At the banquet in the evening, with which the convention adjourned, and during the business sessions there were helpful and inspiring addresses by Hon. William Dudley Foulke, delegate from the National League of Civil Service Reform, and other well-known workers.

The government of the league is vested in a President, a Secretary and Treasurer, Vice-Presidents to be chosen by the Executive Committee, one from the faculty of each college represented, an Executive Committee of five elected by the General Committee, and a General Committee composed of one delegate designated by each college club in the league.

The election of officers resulted as follows:

President, Stephen D. Demmon, Northwestern University.

Secretary and Treasurer, Franklin E. Bump, Wisconsin University.

Executive Committee: John Hall Jones, Harvard University; a member to be chosen from Columbia College, New York; Charles P. Neil Johns Hopkins University; A. L. Calvert, Chicago University; Stephen D. Demmon, Northwestern University.

The object of the organization has already been stated in the quotation from the constitution. As soon as practicable local clubs will be formed in all the principal institutions of learning in the country. The scheme of organization will be carried out under the general direction of the Secretary of the league. The organization will be in close relation with the National Civil Service Reform League, the members of each league being entitled to a seat and a vote in the conventions of both. It is a well-founded prediction that when the next annual convention assembles the National League of College Civil Service Reform clubs will be one of the most important and far-reaching in its results of all national college movements.—Aegis.

---

**TRIANGULAR Y. M. C. A. CONFERENCE.**

The first triangular Y. M. C. A. Conference between Chicago, Northwestern and Lake Forest was held in the Lecture Hall of the Chicago University, Friday, May 24, opening at 3 O'clock with the following program:

1. Paper.—"The Relation of the Association to the Religious Life of the College," presented by Mr. W. R. Shoemaker of the University of Chicago. This was followed by fifteen minutes discussion opened by Lake Forest with five minutes.

2. Paper.—"How to Secure the Best Results from the Machinery of Organization," Mr. C. D. Lee, Northwestern, followed by fifteen minutes discussion opened by the U. of C. with five minutes.

3. Paper.—"The Relation of the Association to the Social Life of the College," W. S. McCullagh, Lake Forest, followed by fifteen minutes discussion opened by Northwestern, with five minutes. After the papers were read the following resolution was presented by Mr. Bowers or U. of C.

Resolved, That it be the sense of this Inter-Collegiate Conference of Y. M. C. A. that so far as the members of our collegiate association are participants in or attendants at any Inter-Collegiate contests athletics or literary its hall be their duty to earnestly endeavor to secure the highest and purest standard of conduct and management possible.

After some discussion it was laid on the table, it being thought best to secure its adoption by a larger number of colleges. Motion passed that a committee of three composed of the presidents of the Associations represented, present this matter to the Lake Geneva conference.

At 6:45 the Devotional meeting led by Mr. H. F. Ward, Northwestern. This was followed by an informal reception for the delegates. We had only two delegates present but these report a good time and speak highly of the young men that composed the U. of C. Association and of the treatment they received. We hope that next year we may be able to return the compliment and hold conference at Lake Forest.
A war song concert will be given by the boys of the college some time next week at Fort Sheridan for the benefit of The Stentor. Mr. N. D. Pratt, who has been so successful in the past in training choruises for concerts, has kindly consented to take charge and is holding frequent rehearsals. It is hoped that all the fellows will attend the practices and assist in making up a large chorus.

Thursday, May 30th, will witness in both North and South the floral tribute of homage paid to our soldier dead. It is most fitting that college men should honor that day, for no hearts beat more loyally in response to the first call to arms to fight for the perpetuation of enlightened liberty than those of the college students of that period, who with buoyant hope and jubilant tread deserted the campus for the tented field, eager to fight or die that Freedom might live.

As men, preparing for the highest duties of life, the remembrance of those who once dwelt in college halls, but who now linger in unknown graves on many a southern battlefield, should inspire us to live for what is grand and noble, and strengthen our faith in the destiny of this great Republic.

We are pleased to announce that the Commencement Bulletin which was such a popular feature of the last two Commencement seasons, will be resumed again this year under the able management of its founder, S. E. Grunstein. The Bulletin is to be issued daily during commencement week, and will consist of six numbers, the first beginning with the issue of Thursday, June 6. The enterprise that has been a characteristic of the Bulletin in the past will make it more than ever

We are indebted to Professor Stuart for the interesting account of the transactions of the Classical Conference, which appears as our leading article this week. This report will be especially interesting to readers of The Stentor because of the fact that the conference was called by Professor Kelsey of Ann Arbor, who was formerly at the head of the Latin department in Lake Forest University; also that it was participated in by Professor Palmer of the Academy. We give this report special prominence because we believe that it represents the most enlightened liberal sentiments of our best educators on the importance of the classics in the college curriculum.

To the charge often made against college students that their training unfit them for the active duties of citizenship, we only make answer by referring to the report of the National League of College Civil Service Reform Clubs, which appears in another column.

We are indebted to Professor Stuart for the interesting account of the transactions of the Classical Conference, which appears as our leading article this week. This report will be especially interesting to readers of The Stentor because of the fact that the conference was called by Professor Kelsey of Ann Arbor, who was formerly at the head of the Latin department in Lake Forest University; also that it was participated in by Professor Palmer of the Academy. The enterprise that has been a characteristic of the Bulletin in the past will make it more than ever
THE STENTOR

a very important feature of the Commencement week as it will give all the most important and latest news of that week besides giving a large amount of literary matter, and cuts of the graduating classes, and of the building and grounds. We welcome the Bulletin and assure it our hearty support.

THE FORESTER.

The second volume of the Forester has at last made its appearance before a long expectant public. To compare it with the first volume would hardly be just, for the first Forester represented the entire University while the new annual includes only the departments in Lake Forest. The first annual was particularly favored in having exceptionally good artists on its staff, who were somewhat more than mere amateurs, at least the specimens of their work would do credit to a professional.

The departments, societies and clubs are well written up and accompanied by appropriate cuts and original drawings. For purely amateur work, the artists are to be congratulated for the original illustrations which so well represent college life in its different phases, both humorous and grave. The Ferry Hall department deserves the palm for the best cuts and original pen sketches.

In the series of drawings accompanying the class histories, the college artist humorously and graphically illustrates the evolution of the college student from Freshman gay to Senior grave. The Cad artist has exhibited wonderful powers in caricaturing the heads of departments in a striking and original manner. Poetic effusions and sparkling humor are interspersed throughout its pages, and the usual grinds are found which gently remind mortal man of his peculiar traits and foibles.

All together the work is one that should receive the hearty support of the students; and the editorial staff deserve much credit for their enterprise in getting out the annual, in order that Lake Forest might be represented in the line of progress with other colleges.

LATIN CLUB ENTERTAINMENT.

The Ferry Hall parlors were well filled last Friday night when the Latin Club gave its first performance. The attractive costumes worn by the members were admired by all and every number on the program was appreciatively received. As a souvenir of the occasion each guest received a program in Latin in the form of a Roman book. After the program a reception was held and "Roman punch" served.

PROGRAM

PART I

1. Processional
   "Gaudeamus"
   Scripture: Psalm xxiv
   The Lord's Prayer and Gloria (in concert)
   The Club

2. Words of Welcome
   Pres. Mary E. Taylor

PART II

1. Roman Books
   Mary E. Fales

2. Dialogues
   Father and Son
   Joseph K. Anderson
   Mother and Daughter
   Grace Coulter
   The Caller
   Arthur S. Reid
   Kathryn Baker

3. Catiline's Address to his Soldiers
   Alexis T. Colman

4. Prelection—Horace, Ode 1, 30
   Jeannette Ramstead

5. Stabat Mater
   Elizabeth Wood
   Grace Coulter, Mary Fales, Ida McLean

6. Impersonation—Mary Queen of Scots
   Mary Hippie

7. The Fox and the Raven
   Angusta Stuart

8. Death of Cesar (with tableau)
   Olive McLenahan

9. Te Deum
   Elizabeth Wood
   Grace Coulter, Mary Fales, Ida McLean

PART III

1. Selection from Terence's Heauton Timorumenos
   Syrus
   Joseph W. Hubachek
   Dromo
   Alexis J. Colman
   Clinia
   Andrew O. Jackson
   Clitopho
   J. Alfred Torney

2. Integer Vitae
   The Club

The club was organized Jan. 9, 1895 and has a membership of about thirty. The object of the club is to foster and stimulate the interest in Latin. Meetings are held every two weeks, the programs consisting of dissertations, recitations, illustrated fables, dialogues and tableaux, all in Latin. Miss Mary E. Taylor is president and Miss Mabelle Gilson secretary.
COLLEGE NEWS.

Have you seen the new Forester? The Commencement programs are out.

Western Intercollegiate meet next Saturday at the C. A. A. grounds, corner 35th street and Western avenue.

Dr. Coulter was in Lincoln, Nebraska, Monday evening, lecturing before the Science Club on the "Outlook of Botany."

The college field day was a great success and much credit is due to J. E. Carver and his able assistants who comprised the Games Committee.

The biology class have again taken up laboratory work this last week and are busily engaged in acquainting themselves with the mysteries of the frog.

Professor and Mrs. Charles Chandler were guests of Prof. Stuart and attended the Latin Club entertainment on Friday evening. Prof. Chandler is professor of Latin in Chicago University.

Dr. Coulter's talk to the students last Monday morning was received with much interest. From what was said the prospects of Lake Forest University for the coming year never seemed to be brighter than now.

D. H. Jackson, A. O. Jackson, Gilleland and Cragin have been doing some training on the C. A. A. grounds on the South side. The Jacksons and Cragin will help to represent the C. A. A. in its dual meet with the Cal. Athletic team on June 15.

The preliminary contests of the Sophomore and Freshman candidates in declamation will be private and will take place on Friday afternoon of this week. The successful five from each class will take part in the final contest on Monday evening June 10.

Rev. Mr. Pees, with his family have been spending a few weeks at the home of Professor Thomas. Mr. Pees is pastor of the First Reformed church in West Troy, N. Y., and was the leader of the Glee Club during his college life at Williams. Mrs. Pees is a sister of Mrs. Thomas.

The College and Seminary Seniors were invited to attend the University Club which met at Dr. Coulter's residence, Thursday evening. Prof. Birge's of the U. of W. paper on Science was exceedingly interesting. He showed in a very able manner that the college student may obtain culture as well from the pursuit of the sciences as from the classical studies. Prof. Eager and Miss Ripley played three duets, being heartily encored.

The following is the marking of the judges for each contestant in the debate between Lake Forest and Chicago University:

SENIOR EVENING AT ZETA EPSILON.

The Seniors reigned supreme at Zeta Epsilon last Saturday evening when the following program was rendered before the society and invited guests:

Society and Class..........................J. H. Rice
"Senior Fishing Party"....................F. A. Hayner
Paree, Cruel to be Kind..................D. D. Lewis
{Tom Warren.............................E. E. Vance
Dick Bolton..............................C. Thom
Last Trump..............................C. Thom

Graduation Exercises of the Galva Co. Ed. School, Principal, Miss Angelina D. K. Hotchkiss; Superintendent, Zedakiah Gefluter.

PROGRAM.

Salutatory..............................J. Johnny Jumpup
Essay.................................Miss Gladys Blodwin Blommel
records One Potato Road...

Mr. Rice in introducing the class to the audience, gave a brief biography of each member and spoke of his part as the gentle rain, which precedes the thunder-storm.

Mr. Hayner’s story vividly illustrated the tribulation of truants, and the farce was a chapter culled from the annals of love. The “Last Trump,” blown by Mr. Thom revelled in poetic effusions, written by ’95. The costumes of the Galva co-eds were bewitching Mr. Hayner’s eliciting great applause from the audience. Mr. Vance, as the conventional old maid “school marm” played his part to perfection. Miss Blonnel’s essay on “Spring” was rich in poetic sentiment and revealed talents of marvelous brilliancy, as did also Dowitt’s short but sweet original oration.

Mr. Mellen closed the program of the evening with a farewell address on behalf of the class to the society. Refreshments were then served and an informal reception held, during which college songs were sung, and then all bid a sad farewell to the “Zete” boys of ’95.

ACADEMY.

The committee was appointed on Thursday morning to make preparations for the Academy reception.

(Mr. R—Translating Latin) “The old dame shook the table and put her third foot which was too short and made of bricks, on the floor.”

Barring Accidents the graduates will be sixteen (not sweet) in number (not in age) this year (not next.) This will be the largest graduating class of the Academy.

The senior class was invited by Dr. and Mrs. Coulter to attend the meeting of the University Club at their house on Thursday evening last. All who attended say they enjoyed it immensely.

In the juvenile field day held last Wednesday young Anderson ran a fast mile doing it in six minutes. At this speed he will be a record breaker some day.

The Academy held its annual field day on Tuesday May 14. Although the weather was most disagreeable still the athletes did very good work and nearly all last year records were broken. The summaries are as follows:

- 100 yard dash—W. Jackson, first; Brearley, second. No time.
- 220 yard dash—W. Jackson, first; J. Jackson, second. No time.
- 440-yard dash—W. Jackson, first; Kennedy, second. Time, 66 seconds.
- 880-yard run—J. Jackson, first; Dunham, second. Time, 2 minutes 21 seconds.
- One mile run—Rice, first; Kennedy, second. Time 5 minutes 17 seconds.
- Throwing hammer—Casey, first; Venner, second. Record, 73 feet 5 inches.
- Putting shot—Rice, first; J. Jackson, second. Record 27 feet 1 inch.
- Broad jump standing—J. Jackson, first; Casey, second. Record 8 feet 10½ inches.
- Broad jump running—Hossack, first; Brearley, second. Record 18 feet 9 inches.
- Punting football—J. Jackson, first; 108 feet 8½ inches. Stearns, 108 feet 8 inches.
- Throwing baseball—Brewer, first; Stearns, second. 202 feet 6 inches.
- High Jump—J. Jackson, first; Hanson, second. Record 4 feet 11 inches.
- Junior 50-yard dash—H. Warner, first; H. Smith, second. No time.
- Three-legged race—(Hope, Hanson,) first; (Jackson, Rice,) second.
- Wheelbarrow race—(Brearley, J. Jackson,) first; (Hope, White,) second.
- Sack race—P. Cobb, first; Lanyon, second.
- Potato race—Hope, first; Brearley, second.
- The tub race was postponed on account of cold weather.

MITCHELL HALL.

“TEMPS FIGITS.”

Small boy wanted, to “shag” balls. Applications in order.

Mitchell Hall was well represented at the Field Day exercises.

The regular meeting of the Alethian society was dropped on account of the Acro-ama of the Latin Club.
Miss Bessie Beach, of Chicago, visited Miss Tannetta Gilleland over Sunday.

The tennis court already has assumed a tired look owing to (the) constant use.

The girls in the Chemistry class who went on the jaunt to Chicago report a fine time.

The open meetings given by the Athenaeon and Zeta Epsilon Societies have been enjoyed immensely by the girls. They are rare treats and we appreciate them.

**FERRY HALL.**

Mrs. Zink, of Kankakee, was the guest of Miss Sizer this week.

On Monday Mrs. C. B. Farwell, and Mrs. Laffin, of Chicago called on Miss Sargent.

The Senior girls were invited to the University Club held at the home of Dr. and Mrs. Coulter.

The photograph epidemic has broken out in Ferry Hall. Many are the trips made to Evanston.

The serenade of Wednesday night was the best of the year. How delightful it was to hear some new selections.

Hon. Dexter A. Knolton, visitor from the Synod of Ill., and Prof. Wright, of Oberlin, called at Ferry Hall on Monday.

Miss Katy Hagaman came out Monday to say "good bye" to her many friends here before leaving Chicago for the summer.

Mrs. Troup and son Harold visited Miss Ripley. In honor of her guests, Miss Ripley gave a five o'clock tea, Thursday afternoon.

There is some talk of a tennis tournament which has greatly awakened the interest in this game. The courts are alive with girls, morning, noon and night.

Judging from the "music" that was floating around the Seminary Thursday evening, we supposed that a portion of the "Midway" was paying Lake Forest a visit.

Saturday night the Misses Brown and Harris gave a feast in honor of their guests, Misses Mary Ridgway, Vinnie Gilleland and Mamie Gilbert. Many of the girls were invited.

The Vesper service Sabbath evening was very delightful. Mr. Pratt, with quite a number of the young men were present. We had such an enjoyable evening that we hope this may often be repeated in the future.

Tuesday evening Madam Meyer gave a practice recital in the chapel. Besides the usual solos and duets there were three choruses and a quartet. Every number on the program was good, but the choruses were particularly fine. They showed special training and much improvement.

**TOWN.**

Mrs. Wheeler visited her old home last week.

"North Lake Forest" is rapidly growing and has a booming future in view.

Miss Ethel Warner has returned from the east, to act as bridesmaid for her sister, Miss Warner.

The Golf Grounds are quite a retreat for the sporting element of Lake Forest's "Four Hundred."

The Giles' have returned to Lake Forest after their prolonged absence in California. We heartily welcome them home once more.

The Alcott Scott Athletes held their annual Field Day last Wednesday, several records are worthy of mention, especially that of the mile run which was easily won by Knoel Anderson, time 6 minutes.

Ground has been broken for Prof. Bridge- man's new house which is to be erected on the lot just west of the Stanley residence. This promises to be one of the finest Professor's houses in Lake Forest.

It is with great sorrow that we announce
the death of Mrs. Alice Smith Williams, wife of Professor Chas. Williams, formerly of Lake Forest University. We extend our heartfelt sympathy to the family in their deep bereavement.

The college bridge remains in the same dangerous condition. What is the matter with the mayor? Another thing that ought to be attended to at once, is the putting up of a railing over the fill by Mrs. Rhea's. A bicyclist slipped off the walk and would have doubtless landed in the bottom, had not the kind hand of fortune warded off such an awful mishap. It is high time such outrages should be righted, but alas!

COMMUNICATION.

Editor of STENTOR.

Dear Sir:—A timely suggestion through your columns might not be out of place, as to the propriety of using other people's property. The floor of the Athenaeum Hall was laid at considerable expense to the members of that society and its alumni, and it should be strictly understood, is not a public dancing floor. The hall door is never locked; but this fact should not warrant any student of the University, not a member of said society either in using the floor or other furnishings or inviting others to do so. Trusting that this may be received in the same kindly manner as it is given. I remain

Sincerely yours,

Athenaeum.

ATHLETICS.

The baseball team will play at Beloit Decoration Day and to make a credible showing will need some good hard practice.

The Western Intercollegiate which will be held in Chicago Saturday is attracting much interest at present, the entries are only a little less than those of the great Eastern event and the records promise to be quite as good. Champaign had a walk away last year but will find much stronger opposition in the coming contest. Lake Forest has some good athletes entered and will expect several points.

TEennis Tournament.

The tennis tournament which took place Friday and Saturday to decide the representatives to be sent to the meeting of the Western tennis players at Chicago, May 29 and 30, was not completed and the finals in doubles and singles will be played Monday. In the doubles Coulter and Coolidge play with Thornton and Conro and in the singles Coulter plays Gilleland. The results Saturday:

SINGLES.

Thornton beat Betten 6-0, 6-0.
Warren beat Conro by default.
Coulter beat Coolidge 8-6, 6-4.
Keener beat Moore 4-6, 6-1, 7-5.
Gilleland beat Stearns 8-6, 6-2.
Thornton beat Warren 6-3, 6-4.

DOUBLES.

Coulter and Coolidge beat Gilleland and Moore 3-6, 6-1, 8-6.
Thornton and Conro beat Stearns and Warren 6-3, 6-2.

FIELD DAY.

The annual field day took place Saturday and was a success both financially and in the quality of the work done. The day was quite warm and the track rough, but nevertheless eight records were lowered. What is most encouraging is the showing made by new men, as they did nearly all the record breaking.

In the track events, Cragin, Newton, J. Jackson, Steele, Reid and Anderson did good work. While in the field events the work was not what it should have been yet there were improvements in broad jumping and vaulting.

A new and interesting feature of the day was the 1-5 mile handicap which was close and exciting. The final was a dead heat between J. J. Jackson and Cragin.
SUMMARIES.

First Event. Class Relay Race. Worn by '98.
Second. 16-lb. Hammer Throw. Distance, 10 ft. 5 in. 1st, Woolsey. 2nd, Casey.
Third. 100-yard Dash. Time, 10.5. 1st. Reid. 2nd, W. Jackson.
Fifth. 440-yard Dash. Time, 55. 1st, Newton. 2nd, Williamson.
Sixth. Putting 16-lb. Shot. Distance, 30 ft. 6 in. 1st, Woolsey. 2nd, Steele.
Seventh. 1.5 Mile Handicap. Trial Heats
1st, Cragin. 2nd, Keener.

Ninth. Running Broad Jump. Distance, 18. 1st, Mellen. 2nd, Jaeger.
Eleventh. Running High Jump. Height, 5 ft. 1st, Reid. 2nd, Mellen.
Thirteenth. 120-yard Hurdle. Time, 19.5. 1st, J. J. Jackson. 2nd, Reid.

ALUMNI.

John Linn, '93, will preach at Geneva, Ill., this summer.

H. E. House is pastor of the Presbyterian church at St. Croix Falls, Wis.

W. B. Hotchkiss, '84, and his brother, Douglass Hotchkiss, have a fruit farm at Applegate, California.

Alvah Doran, '93, will preach for a few months at Mount Clair, III. He spent a short time in Lake Forest, last week.

'94. A. F. Waldo is supplying the pulpit of the First Presbyterian church at Harbor Springs, Mich., during the absence of the pastor abroad. Mr. Waldo intends to return to Princeton next year.

'85. Rev. S. F. Vance, after spending two years in Germany attending lectures in the University at Berlin expects to sail for the United States on June 6. He expects to take passage on the Normania from Hamburg accompanied by his wife and child, arriving in New York about June 14. Mr. Vance contemplates giving up the active pastoral work of the ministry and turning his attention to teaching.

It is possible to complete the college course at Harvard in three years, subject to the approval of the faculty in each individual case.

The Scholastic submits the following as the rules of a Texas college:
1. The use of firearms in the president's room is strictly prohibited.
2. Saddles and bridles must not be hung upon the chandeliers.
3. Vocal culture must be taken behind the barn.
