THE STENTOR.

VOLUME 11. LAKE FOREST, ILL., MAY 12, 1897. NUMBER 28

COLLEGE.

Oh, Richard! Why did you?

C. B. Hosack, ex-'90, spent Sunday with his fraternity at Oakenwald.

Miss Proctor is making a short visit at the home of Prof. Atkins.

W. A. Newton has a new wheel made according to his own specifications.

A. J. Colman and J. W. Hubachek acted as clerks in the school election last Saturday.

J. A. Tune '96, visited over Sunday at his old Alma Mater and was the guest of Prof. Stuart.

O. H. Sweezy '96, rode up from Evanston on his wheel and made a short visit at the college last Monday.

Benjamin Jones, of McCormick Theological Seminary, visited over Sunday with his friend Henry White.

Rev. J. H. Bratton, pastor of the First Presbyterian church of Macomb, Ill., visited the college and friends last Friday.

Frye's horse, "Highly humorous," broke loose last Thursday and for several minutes held himself master of the campus, until the gallant Griff Roberts came to the rescue and brought the excitement to a timely end.

Negotiations for a tennis tournament between Beloit and Lake Forest have been pending for some time, but the outlook now is good, and we shall probably witness a fine series of games on the home grounds between these two colleges, either the last of this month or the first of the next.

Fred Skinner '92, was in town Saturday.

L. H. Gilleland, ex-'93, spent Friday and Saturday in Lake Forest.

Prof. Bridgman is visiting the high schools in Clinton, Iowa, this week.

Much to the surprise of his many friends, Geo. Lee won first place in the hammer throw, on field day last Saturday.

The Senior class is contemplating giving something decidediy new and original in the line of class day exercises this year.

Supt. W. H. Hatch, of the Oak Park high school, visited with Principal C. A. Smith of the Academy, on Wednesday of last week.

A change has been made in the schedule for commencement week, the college commencement occurring on Thursday instead of Wednesday as previously.

The caps and gowns for the Senior class have at last arrived. We hope that we may soon have the pleasure of seeing the grave and dignified Senior class filing past in their robes.

All college students who were in attendance at the Ferry Hall party last Friday evening, given by Miss Sargent and the senior class, are loud in their praises of Miss Sargent and the seniors as hostesses, everybody reporting an enjoyable time.

J. B. Williamson enjoyed a visit from his brother and mother for a few days last week. His brother is on his way home from Princeton, where he has just completed his course in the Princeton Theological Seminary.

We are inclined to believe that several serenades are contemplated for the near future.

Messrs. Goodman, King, Hayner, Gilleland and Warren, were guests at Kappa Sigma house the evening of the Alumni ball game.

If Oakenwald does not turn out several good operators on the typewriter it will not be the fault of Condit and his typewriter.

SPECIAL.—A meeting of the student body is called for Thursday, May 23, at 1:30 p.m., in the chapel, for the annual election of Athletic Association officers.

Herbert Moore '93, was chosen as delegate to represent the Lake Forest Sunday-school at the State convention to be held at Belvidere, St. Clair county, on Wednesday, Thursday, and Friday of this week.

Caldwell has been wearing a two-by-four smile the last few days. Some say that he has beheld one long, lovely vision; others are so mean as to insinuate that his happiness is only transient and that she will take the smiles away with her.

Had many of the players who represented '90 and '98 in the class baseball game of last Friday been candidates for the Varsity earlier in the season, it is highly probable that organization would be entirely changed.

Blewett's new base ball mascot, "Bun," is the source of a great deal of trouble to him, and unless man or dog wishes to stir up his wrath they must keep away from his young rabbit. "Bun" is destined to accompany Bob to all the future L. F. ball games—unless it gets left on the train while enroute.
F. A. Staebler was called to his home in Cherokee, Iowa, Saturday afternoon, on account of the severe illness of his father.

Because of the failure of one of our runners to appear for the relay race Tuesday evening we were forced to forfeit to Northwestern the only other contestant.

Much interest is attached to the preliminaries for the coming tennis tournament. A close contest is looked for between several of the candidates for the team.

Among the loyal and hearty rooters for the red and black last Saturday were: “Which,” “Nath,” “General” and “Major.” All report the game as fine and well worth the trip to Oak Park.

Because of the Northwestern University game here Wednesday, the students must not overlook the game with St. Ignatius College on Thursday, May 13. This is the last game of the Varsity on home grounds until the game with Rush Medical College, May 19.

The Lake Forest book club, with headquarters at Mr. French's drug store, has proved a great success, being patronized by the leading families of the community. Last Saturday all the old books were auctioned off, the proceeds of which are to be devoted towards purchasing new books for the club.

“Ken” has evidently lent one of his canes to “Crip,” for instead of using two, as he did last week, we now find him assisted by but one, while “Crip” is now also hobbling about on three legs, as the result of being hit on the knee by a foul-tip at Oak Park last Saturday. For their personal good and for the benefit of the track and base ball teams it is hoped that their limping days may soon be over.

The fast approach of commencement is becoming very noticeable. Next Sunday the Seniors will all appear at church, equipped in their new caps and gowns. This will not only be their first wearing of them this year, but it will also inaugurate their use in Lake Forest, and henceforth we may expect it to be an established custom for our dig-

Ifified Seniors to sally forth, on all state occasions and during commencement week, in their scholarly garb.

Before and after Saturday's game at Oak Park, our battery furnished amusement for the teams: Blewett losing track of his valise and its contents before the game and Crippen losing himself after it was over. Equipped in the assistant manager's uniform, our pitcher faced Oak Park's sluggers, and as to the reason of his not wearing his own, you will have to ask Mr. Blewett: “Why the ‘Major’ shipped his (Blewett's) grip to Wheaton instead of Oak Park?”

As to the north side of Chicago, “Diminutive” can tell all about it, for within three hours he traveled eighteen miles in that section of country, handicapped by a knee injured in the game. Of course the conductor of the cable was to blame for stopping at the wrong street, since “Crip” has only called on her thirteen times. We learn best by experience, and the ball team now possesses two wiser boys.

The University was favored with an official visit Wednesday by a committee from the Synod of Illinois. Rev. Amos H. Dean D. D., of Monmouth, the chairman of the committee, was prevented from coming by a death in his congregation, and in his absence Rev. Carey F. Moore, of Savanna, acted as chairman, and will report to the Synod. The other gentlemen who came here were Rev. Frank F. Stoltz, of Streator, and Judge R. H. McClellan, of Galena. The morning was spent in visiting the college classes and the afternoon a drive about the town, in inspecting Ferry Hall and the Academy buildings. The members of the committee expressed themselves as much pleased with the quality of the work done here and with the admirable equipment at Ferry Hall and the Academy.

Word has just been received that two of our last year’s ambitious Sophomores, who went east in September and enrolled in one of the leading colleges as graduates of Lake Forest, have been expelled. In the latest catalogue of the institution, to which they went, their names were found with the degree of Bachelor of Arts attached; the attention of our faculty was called to it, and they immediately wrote to the authorities of the eastern school for information on the subject and it was found that the would-be scholars had fraudulently attained their high standing. As a result, when they were just complimenting themselves on the beauty of their names and their enviable ranking in the catalogue, the clash came and they were not only expelled from college, but their chance of entering the ministry, for which they were preparing, is now denied them.

DR. PECK'S LECTURE.

The lecture given by Dr. W. H. Peck of Chicago on the Roentgen ‘X-ray, last Saturday evening, merited a much larger audience than the one assembled. Dr. Peck showed a thorough understanding of his subject, from both its theoretical and practical aspects. He gave a very interesting historical sketch of the discovery and subsequent development of the X-rays. Certainly not the least interesting part of the evening’s entertainment were the illustrations, both with the negative made during the lecture and the photographs of various objects taken with a “stereopticon” and proving its practical value in surgery.

ACADEMY.

Kennedy is again able to be abroad, after an illness of several days.

Mrs. Burnap has been visiting friends in Wisconsin during the past week.

Saturday evening the boys enjoyed a “night off” to celebrate the base ball victory of the afternoon. Several young men became forget ful of the flight of time and are now spending the afternoons quietly about the grounds and in their rooms.

The athletic board of control of N. W. have exonerated Sickles and Murphy from the charge of professionalism, and they will continue to appear in the box for N. W.

J. Williamson covered himself with glory Saturday by making five put outs from the field.

We are glad to hear most favorable reports from the athletic teams that have this year visited Beloit College, as to the way she is now treating her athletic visitors. Congratulations are due her from all, because of her change to tactics, which were so detrimental to her standing in college athletics and which certainly did not pay. For this reason we shall now look forward to a resumption of athletic contests with her.

If the student body wish to know why the college and academy athletic teams should suffer because of an offense by one who has no connection whatever with any of the teams, they should take their mathematical books and find the probability of gum boots in Africa rising in price when the railroad fare between Chicago and Lake Forest is reduced. [Several of our perplexing questions may be solved in similar manner.]

The prompt action of our faculty in informing the eastern authorities of the fraud that had been perpetrated on them and the latter's decree as a result is to be highly complimented. Though the punishment seems most severe it is no more than just, for certainly those, who cannot be trusted while preparing to become the Lord's workers should not be allowed to enter upon it, as living examples to mankind. May this long stand as an example to encroachers upon the fair name of our Alma Mater and above all let us hope that similar action may never again be necessary.

The inauguration of a half holiday to be devoted to athletics by the Academy and Literary departments of our University is a move by the faculty that is most acceptable to the student body. It proves to us that the faculty recognize the use and benefits to be derived from college athletics, and if the athletes will now show as much interest, as have our professors, the afternoon of Tuesday, May 25, should be a great success, and several of the present college records broken. With half a day as a starter, we hope next year arrangements will be commenced earlier and that it may be so arranged as to include all of our city professional departments and to make a full day of it. This would give an occasion for all of the Varsity students to get together at least once a year—an opportunity which has never presented itself. At present our undergraduate and professional students are as unknown to each other as though they were attending different colleges. A University Day of this kind would not only greatly advance the athletics of the college, but should also be very beneficial to the University as a school.

Ferry Hall.

Miss Grace Wilcox visited with friends in the city over Sunday.

Miss Wylye, of Hinsdale, Ill., spent Sunday with Miss Gertrude Dietrich.

Miss Florence Utley entertained her cousin, Miss Francis Utley '97, over Sunday.

Miss Ferris, of Chicago, was entertained by Miss Cummings a few days last week.

Miss Grace Folkensbee was the guest of her sisters, the Misses Miriam and Marguerite, at the Fancy Dress Ball.

Miss Cummings and daughter, of Clifton, Ill., were guests of Miss Marion, Friday, and attended the Senior party.

Mr. Leon Reed, traveling correspondent for the Chicago Tribune, called on the Misses Jennie Hotchin and Fannie Fonda Thursday evening.

Monday morning the general and English literature classes had the pleasure of listening to Miss Sargent's paper on "Wm. Morris." The classes can only add their words of praise and appreciation to what has already been said about the charming paper.

Missionary Meeting.

Unusually interesting was the missionary meeting held in the Ferry Hall chapel Sunday evening. Miss Copps and Miss Ethel Dewey read papers on the "Origin and History of the Mormons." Items as to the extent and influence of the Mormons were read by Miss Cummings, Miss Williams and Miss Hopkins. "What Christian Missionaries have done for the Mormons" was told by Miss Patrick, Miss Johnson and Miss Hart. Unusual interest was given to the meeting by Miss Alice Anderson's account of a service in the Tabernacle at Salt Lake; by Miss Street's account of a conversation with a Mormon woman on their religion, and by Miss Sargent's story of the Mormon settlement at Beaver Island in Illinois. These personal observations made the subject more vivid and interesting.
Mr. Dietrich enjoyed a few days at the Seminary last week as the guest of his daughter.

Miss Ida Sawyer, ex-'90, of Lake Forest University, spent a few days with her friend, Miss Colman.

The much talked of Fancy Dress ball is now a thing of the past, but the memory of it will last long with the participants and the spectators. The costumes were very ingenious and some of them laughable. The twenty numbers of the program were danced to the music furnished by Miss Patrick. No Ferry Hall gymnasium dance would be complete without her excellent music.

Thursday evening the girls enjoyed another of the recitals given by some of Prof. Eager's pupils. The program was as follows:

Three Studies from op. 46 Stephen Heller Miss Chapman.

Preludes in F and E major Bach Miss Blanche Henson.

Sonata in D Miss Pauline Neal.

Before the last two numbers were given, Miss Sizer explained the development of the Sonata. She spoke of its form as used by Haydn and of its perfection in the hands of Beethoven. The talk came in very appropriately and the Sonatas were more appreciated on account of it. Miss Pauline Neal's rendering of the Beethoven Sonata was so thoroughly easy and artistic, that it brought out an encore "The Flatterer" by Chaminade.

FRIDAY EVENING MUSICAL.

The faculty, students and friends of Lake Forest University are cordially invited to attend a musical given by Prof. Eager, assisted by Miss Marion Carpenter of Chicago, Miss Carrie Ripple and Miss Annie K. Sizer, to be held in the Ferry Hall chapel, Friday evening, May 4, at 8 o'clock. The program will be as follows:

Sonata Opns. II No. 2 Beethoven

No. 4 K. Sizer.

Suites for Piano and Violin new Bernard Prof. Eager and Miss Carpenter.

Valze in E flat-Polonaise Chopin Miss Ripple.

Andante from E minor Concerto Mendelssohn Miss Carpenter.

Spinning Song from "Flying Dutchman" Wagner-Liszt Miss Ripple.

Cygne C. Saint-Saens

2 Serenade Miss Carpenter.

Petite Suite (new) [dedicated to Prof. Eager]

1 Melody Frederick U. Baines

2 Andante

3 Etude

4 Scherzo

Prof. Eager.

SENIOR RECEPTION.

The delightful reception given by the Seniors, complimentary to the Juniors, Friday evening, was a decided social success. The majority of the invitations were accepted and the favored friends of the class speak in highest terms of the entertaining abilities of their hostesses. The decorations were unusually beautiful. The competition between the Juniors and ushers in the arrangements, converted the class room off the hall into an inviting retreat and the library into the coziet of rooms. Those who know said that the library had never been so prettily decorated. One of the noticeable features of the parlor was a beautiful cluster of roses and Easter lilies and the fire-place banked with palms. The hall was made into a tropical bower by the tasteful grouping of palms. Many guests from out of town were present, the new gowns of several of the ladies being noticeably handsome.

"The best laid plans of mice and men gang ait nglee" is applicable to a successful party, which always has its little misunderstandings. The musicians engaged for the Senior party lost a day from their calendar and appeared in Lake Forest on Thursday evening, much to the consternation of the girls. However, the lost day was annexed, as proved by the highly enjoyable music on Friday evening.

ALUMNI.

W. B. Smith '94, has received and accepted a call from a church in Missouri.

Charles and Herbert Moore of the class of '96, were on hand to hoot for the Alumni at their last game.

Among those who recently graduated from the McCormick Theological Seminary were W. L. Mathews '92; D. J. Jones, Jesse Currens, W. E. Rushton and W. R. Smith '94, and A. McGaughey ex-'96.

E. E. Vance '90, will not return to Princeton next year, but will finish his theological course at McCormick.

W. B. Gaulway '92, has taken charge of the Clyborne Avenue Mission, which is carried on under the auspices of Dr. Hillis of the Central Church.

A. B. Boums '94, is to take charge of a church, which has been newly organized, on the north side, Chicago, by the Second Presbyterian church of that city.

E. Waldo and W. B. Hunt of the class of '94, were in this year's graduating class of the Princeton Theological Seminary. Hunt will soon leave for the foreign field.

It was hoped that Ellis '93, Bloomington '94, and Forest Grant ex-'96, would accompany the team, but they were unable to come. J. Linn '93, accompanied them, but did not play. He spent his time in visiting his for former teachers, who were glad to see him once more.

Dr. Hillis '80, is a candidate for college commencement speaker at Oberlin College, Ohio. It is understood that the committee has invited Dr. Hillis and that he has expressed a willingness to accept the invitation, but no definite action has as yet been taken by the those in charge.

On Monday evening, May 3, the regular monthly dinner of the Lake Forest University Alumni was held at the Briggs House, Chicago. After the usual course had been carefully partaken of in the cafe, a number of those present adjourned to a room upstairs, where an agreeable hour was spent recounting old experiences and discussing the baseball question. Manager Graff and Captain Jaeger were present and told the Alumni how the ball team was getting along. Mr. Jaeger thanked the Alumni for their interest and assured them that any assistance they might render would be most highly appreciated by the team. The gathering broke up at nine o'clock, every one reporting a most pleasant evening.
ATHLETICS.

Pitcher "Bun" Blewett is proving very effective in the box.

The Interacademic League field day will be Saturday, May 29, on Marshall field, 37th Ellis avenue, Chicago.

The University of Chicago track team is not as strong this year and will not be able to make as good a showing as last year.

CLASS SCHEDULE.
The schedule of class base ball games is as follows:

Monday, May 10, 37 vs 39.
Tuesday, " 14, '00 vs 38.
Monday, " 17, '00 vs 37.
Thursday, " 26, '07 vs 38.
Tuesday, " 25, '00 vs '09.

FIELD DAY.

At the meeting of the Faculty last week a motion was put through declaring Tuesday afternoon, May 25, as University Field Day. This is another forward movement in favor of athletics at Lake Forest, and the students are to be congratulated on the interest the Faculty is taking in athletics this year. Now that they have granted us a half holiday for the purpose of a field day, it behooves every student to put forth every energy to make it a success. A joint committee from the college and academy athletic associations will have charge of the day, and when they call on you for your assistance in any way be ready to help them.

THE BASKET BALL GAME.
The game of basket ball played at the College Gymnasium, Saturday morning between the two Ferry Hall teams was the best ever played in Lake Forest. The score was 22 to 17 in favor of the Red and Green. The marked improvement since the last game is the result of much faithful practice. Several brilliant individual plays were made which added to the score; but the really fine part of the playing was the team work. The game was played by the Smith rules, which are more rigid than those used here last year. The game by these rules is not rough and its orderliness gives room for really scientific playing. Aside from the amusement, the girls have really been benefited by basketball. It has taught them quickness of action and self control. These qualities are useful outside the gymnasium as well as it is.

TRACK ATHLETICS.
The Harvards vs Pennsylvania athletic games resulted in a tie, but by virtue of the granting of a protest handed in by Harvard against Ostor in the one-half mile run, Harvard won, 57 to 55.

Track athletics are absorbing considerable of time in the athletic world at present. This week there is being held in the Coliseum at Chicago the biggest athletic and military carnival ever held in the west. Athletic contests between athletic clubs, schools and colleges will occupy every evening and part of the afternoons of this week. Tuesday night will be the college relay team race. Lake Forest will be represented by W. Jackson, H. H. Cragin, D. H. Jackson and Newton. Friday evening will be the intercollegiate contest night, at which the following events will take place: High jump, broad jump, pole vault, high and low hurdles, 100 yards, one-half mile and one mile runs. Lake Forest will be represented in most of these by the following men: W. Jackson, Reed, Cragin, Rice and Anderson. Let a large number go with the boys and cheer them on to victory.

CABS, 8; LAKE VIEW, 2.

The Academy ball team defeated the Lake View High School aggregation on the Varsity field, Wednesday afternoon by a score of 8 to 2. Lake View was outplayed on every side by the ball players on the Academy and several pretty plays were made. Wood distinguished himself in center and Terrilliger froze on to a hot liner in a manner seldom seen on a ball field. The Academy team shows much improvement both in batting and in fielding and hopes of winning the pennant are arising higher every day.

CABS, 14; EVANSTON, 13.

Lake Forest won the second of the Interacademic League games Saturday from Evanston Academy by a score of 14 to 13. It was an exciting game of nine innings, but the playing of both teams was by no means errorless. There was some dispute at the end of the ninth inning over a decision of the umpire and the Evanston men threatened to protest the game, but it is not probable that they will do so. This is the second defeat Evanston has met at the hands of "Baldwin's ball tossers" and there is no reason that they should not win the third and last game, and so be certain of at least second place in the league.

The next Academy game is Saturday, May 15, with the Morgan Park Academy team on the Varsity field. A good game is anticipated, and it is hoped that there may be a large attendance.

OAK PARK, 8; LAKE FOREST, 2.

The Varsity team lost their first game Saturday to the Oak Park team by a score of 8 to 2. The Oak Park team is considered the strongest team in Chicago, and the remarkably small score that they were able to run up against Lake Forest speaks well for the latters ball playing. Blewett pitched a fine game, striking out seven men, while the twirler for the Oak Park’s succeeded in getting but three of the L. F.’s to fan the air. A few errors at the critical moment resulted in several scores by Oak Park which should not have been made.

Lake Forest .......... 0 0 0 0 0 0 0 0 9-1 2
Oak Park ............ 0 5 1 0 0 0 0 0 8

ALUMNI GAME.
The Alumni Base Ball team came up to Lake Forest Thursday to show the undergraduates how the game should be played, and although the game resulted in a victory for the undergraduates, they did not fail to partially carry out their intentions. The most notable difference being, that, in several ways, the graduates played a faster game than the undergraduates do;
for example after a foul our pitcher never had to wait any length of time for the base runner to return to his base, but theirs was invariably required to wait while our man walked back to the base; again, their batters and fielders were much quicker in getting to their respective places, which added much interest to the game, as a great deal of enthusiasm is always lost in a slow and drawn out game and the players also lose the ginger and snappy playing that is so essential in a ball player.

There were several comic features to the game: Gilleland on third base for the Alumni went to sleep once and let an easy grounder go by him; Ryder almost forgot to throw the ball to first base after fielding it, but when he finally decided to do so, it was too late, for Lewis had on his sprinting shoes and was there ahead of Ryder’s schedule, and Warren in one instance put his hands over his head and in some unaccountable way the line drive from Betten’s bat lodged in his mit, so surprising him that he had to be told to walk to first and make a double play. Others who made good plays were King, Hayner, Williams, Conro and Betten. The score:

Undergraduates .......... 11219024 5—3
Alumni .................. 02001100—4
Earned runs — Alumni, 1; Undergraduates, 2; Stolen bases — Alumni, 3; Undergraduates, 8. Two base hit — Crippen, Williams. Three base hits — Betten, W. Jackson. Sacrifice hits — Alumni, 2; Undergraduates, 5. Double play — Warren, unassisted. Passed balls — Crippen, 1; Hayner, 1; Gilleland, 1; Struck out — by Blewett, 4; by Jaeger, 4; by Lewis, 3; Hit by pitched ball — Lewis. Bases on balls — off Jaeger, 1; off Lewis, 3; off Blewett, 1. Left on bases — Alumni, 5; Undergraduates, 7.

FRESHMEN, 11; JUNIORS, 3.

Those who did not see the game of base ball between the Freshmen and Juniors “missed half of their lives.”

The game opened with the Freshmen at bat and Ryder as umpire. Captain Betten was the first victim of the gallant nine bailing from the class who call themselves Juniors. Then “Tewks” came to the bat and the way he pounded the — air was a caution and he was retired by pitcher-captain Loranz and catcher Jaeger. Blewett then knocked out a single and stole second, then our friend Curtis repeated the work of Tewksbury and the Freshmen went out. The Juniors then tried their hand at the bat. Conro went down before Betten’s wonderful curves; Loranz did a little better but failed to put that small foot of his on first base in time and Ryder ordered him out. Lee was more unsuccessful than either of the others and reached third base, aided somewhat by several infield errors, then Jaeger came to bat and — well we won’t say anything about it — but when the Freshmen came to bat the score was 0 to 0. Davies came up to the plate and from the look on his face, Captain Loranz decided to play his fielders farther back, but it was unneccessary. Herrick was next, and got to first; Staebler sacrificed; Jackson singled and Herrick scored. Then Walker made three vicious swings at the ball, but it was not there, for catcher Jaeger took it. With the Juniors again at the bat we looked for some heavy hitting, but alas our hopes were blasted, for Reed and Kemp were quickly disposed of and Coleman walked to first and was out on his second and the way he ran was enough to do an old athlete’s heart good. Then Miller came to bat and the Juniors sang “Listen to our tale of woe.” We listened, and it sounded something like 1 to 0 in favor of the Freshmen. Betten and “Tewks” soon went the way of the ambitious and Blewett traveled to third; but the air got too thick in front of Curtis and while trying to drive it away with the bat the umpire decided that he had struck out.

It was a case of one, two, three, with the elders and actual measurement showed their faces just twelve and one-half inches long. Then came the wonderful fourth inning, when Staebler, Jackson, Walker, Betten and “dear little Johnsbury” crossed the plate before they were forced by the umpire to take the field and let the Juniors warm up at the bat. Lee was first at the bat and we were reminded of a heavily loaded ice wagon going down the base line, but aided by several errors and a bad throw he reached third in safety and scored on Jaeger’s two (2) bagger. Reed again joined the “fans” and then aided by another error Jaeger scored. Kemp and Coleman then finished the inning by asking the scorer to put down a “0” after their respective names. Then came the fifth inning and in some unaccountable way those Freshmen got 5 more runs, probably it was partly on account of that throw of Coleman’s from deep (2) center, which landed several feet deeper.

The Juniors now took another whirl at the bat and by the fine running and base sliding of Miller they succeeded in getting one more score.

Umpire Ryder then called the game on account of darkness, or maybe it was, because he wished to go to a supper that was already cold. Last, but not least, must be mentioned Herrick’s wonderful slide to first after he had been caught out on three strikes.

Batteries: Freshmen — Betten, Jackson; Juniors: Loranz, Jaeger. Umpire: Ryder.

This spring, for the first time in the history of Chicago University, Coach Stagg is going to allow his track team to participate in a dual meet to be held off from their home grounds. The University of Illinois is the allmer.
