COLLEGE NOTES.

A. B. Hoagland, '01, is confined to his room with an attack of the grippe.

Frank Wilson, of Wabash College, visited with Kappa Sigma friends Sunday.

J. A. Anderson is assisting Prof. Strong as Chemistry instructor at the Academy.

Charles Keener and Woodruff spent Saturday visiting with W. A. Graff in North Hall.

W. F. Jackson officiated in the Dual Meet between Chicago and Northwestern, Saturday.

Arthur H. Colwell was confined to his room through illness for several days last week.

Prof. Dawson will be absent the first part of this week visiting High Schools in this state.

R. B. Kyle was called to his home in Macomb Saturday on account of the death of an uncle.

E. R. Brown and R. B. Kyle spent Friday afternoon in the city on Glee Club and Basket Ball business.

Is there anybody who knows of anybody who knows anything about the Junior Sophomore indoor game?

The basket ball game with Hull House, Saturday evening, was witnessed by a large number of students and friends.

Kappa Sigma was entertained by their young lady friends at Ferry Hall, Monday evening. A very pleasant time was reported by all.

Two very interesting and well written papers by Miss Rogers and Miss Lena Wilson were read in Prof. Halsey's Economics class last week.

The College Quartett will render several selections at a concert given in Libertyville this evening. They will be entertained by R. O. Stoops, '97.

The College Alumni of the Academy Societies are manifesting much interest in the coming indoor ball game between Gamma Sigma and Tri Kappa.

Tuesday evening Prof. Welch of the Academy gave a very interesting address in the Y. M. C. A. meeting. His talk was enjoyed by a number of students.

The gymnasium has presented a very lively aspect this week. Besides the usual crowd of "Cads" who run rampant a large part of the afternoon, the Varsity basketball and track teams have devoted a part of every day to hard practice.

A number of Alumni visited in Lake Forest Friday and Saturday, to attend the Zeta Epsilon reunion. Among them were F. A. Hayner, Harry Thorn, Charles Keener, Herbie and Charlie Moore, George Willey Wright, L. Gilleland, A. P. Bournes, Harry L. Bird, McCullough, Jack Steele.

In these advanced (?) days one has to carry a young candle or electric light with him to use the reading room in the evening. For some reason the faculty has seen fit to leave the room under the undisputed sign of darkness every night after six o'clock. Why this truthness? The only explanation we can offer is that electric lights have been put in downtown. They hardly suffice however.

A deathly silence pervades the calm atmosphere and on all sides is an air of studious quiet. Ever and anon a sigh of relief, as a book is flung into outer darkness and a lesson is finished, breaks the sepulchral stillness; but all else is still as the grave. Suddenly awful sounds break the quiet into infinitesimal chunks. Cries of alarm and anger arise on all sides, and mingle in awful chaos with exclamations hardly proper for a new Sunday school book. Yes, gentle reader, Graff is giving his evening guitar and vocal serenade!
ACADEMY NOTES.

Paul Matthews is sick with tonsilitis.

Monday night the boys were given a night off.

Robert Rath has been sick for the last few days.

Edgar Franz is much better and will soon be back in his classes.

Edgar Johnson, Eugene Hamm and Warner Preston spent Saturday in Chicago.

Monday evening from 8 to 10 the boys of the Reusen enjoyed a candy pull. Light refreshments were served. All the boys were made happy.

Prof. and Mrs. Truesdell gave the boys of the Anna Durand cottage a pleasant evening Monday from 8 to 10. Light refreshments were served.

The Lambda Delta Society have elected Harry Johnson president, and Hal Crosby, secretary-treasurer. It now has ten members. The number is limited to twelve.

Eugene S. Hamm left today for Cleveland. He is the academy's special delegate to the Y. M. C. A. convention to be held there, and we may be sure of having an interesting report from him on his return.

Monday evening from 8 to 10 the boys of the Dormitory enjoyed a candy pull. The boys had a fine time and seemed to stick (?) together well. All joined in declaring this one of the long-to-be-remembered evenings of their academy days.

The third baseball team met Saturday and elected Evlyn Cobb captain, and John Johnston, manager. Old students will remember this team as the special delight of Prof. Williams and Prof. Nevers. Quite a number of old players are back and the weak places will be strengthened. Last year these boys put up some fine games for their size and age.

John Albert Anderson, who is instructor in Chemistry in the college, will take charge of the Department of Chemistry in the academy this semester, to relieve Mr. Strong of one of his three laboratory sciences. Mr. Anderson is a man of excellent training and superior attainments in science. He is now taking post-graduate work in Biology under Prof. Harper. We are glad to welcome Mr. Anderson as one of the Faculty.

The singing in chapel has improved steadily since the beginning of the school year. This has been a source of great pleasure to Principal Welch. But we are well repaid for our efforts. Quite often he reads us select passages from Dr. Hillis' latest book, 'The Investment of Influence,' and surprises us with special programs at frequent intervals. Mr. Blaine's scheme of Reciprocity is a good one, and if adopted by the Academy boys, all the chapel meetings will no doubt be as interesting and beneficial in the future as they have been in the past.

Another new Society has been formed at the academy. This is something entirely original and membership is confined to the Dormitory only. It is the Lame Cow County Farmer's Alliance, and its object is, in the words of its worthy president, Ezekiel Simkins (Will Welch) "To propogate the produ-gachun of prodneckshun." Entrance for membership is by passing an examination in which writing and spelling are not considered. At the first meeting which was held Saturday evening, papers on the following subjects were read. The Resources of Lame Cow County, Nehemiah Blodgett; Raising Potatoes in Southern Africa, Ezekiel Simkins; Sheep Krop in Ioway, Nahum Hankslide.

MITCHELL HALL NOTES.

Miss Moore went to Summerdale for over Sunday.

Miss Wood has been spending a few days at Manhattan.

Miss Jesse Gridley has been visiting her sister at Mitchell Hall.

Mr. James Sickels of Chicago visited Dr. and Mrs. Sickels Thursday.

Miss Doak of the University of Chicago spent Sunday with Miss Steele.

Misses Steele, Bell Miller and Atlee saw Mansfield in Beau Brummel Saturday.

Prof. Halsey has kindly consented to read a paper at the next meeting of the Aletheian Society.

"Cast thy bread upon the waters,"
Sighed the boarder with a frown,
"Add a little salt and pepper,
Call it soup and gulp it down."—Ex.
FERRY HALL.

It is reported that "C. D." is "chicken".

Miss Treat spent Sunday with friends in the city.

Mr. Wilson, of Neoga, Ill., took luncheon with his sister Saturday.

Miss Somerville, Ferry Hall '04, visited Miss Hull Friday and Saturday.

Miss Faith Williams has been temporarily crippled by a fall on the verandah.

Miss Gilkey, of Northwestern University, was the guest of Miss Kinney over Sunday.

The "Sumus Septum" had as guests at dinner Saturday evening several college men.

A party from the Seminary attended the Apollo Club concert in the city Monday night.

The friends of "Dudley" hope that she will thaw out with the coming of gentle spring.

Monday evening the Ferry Hall girls entertained at an informal party the Kappa Sigma men.

The inhabitants on S. S. Paradise Alley think that a spoon makes the greatest stir in the world.

Miss Winifred Patrick entertained twelve young ladies Wednesday evening in honor of her birthday.

Miss Lydia Hobart, from Fort Grant, who is visiting at Fort Sheridan, was the guest of Miss May Jones Saturday.

At last Ferry Hall is to have a Glee Club. The girls who belong are very enthusiastic and have promised to faithfully attend every rehearsal.

Mrs. Mohr, who attended the Eastern Star Convention at Milwaukee, spent several days at the Seminary with her daughters Maude and Musa.

The first results of the anti-Allegretti brigade were shown by the numerous boxes of Kehoe's candy sent for valentines at the candy pull.

All the girls, young and old, are busily "weeding their gardens" before the spring-time cometh. The most stubborn are the slang weeds, and a leather medal should be given to those who succeed in clearing out these from the garden. There are very few who do not profit by the good chapel talks which we receive once in a while.

Miss McClinton entertained Miss Anna McWilliams, of Odell, Ill, at dinner Monday evening, and Miss Halme, of Paris, France, on Tuesday evening. Both young ladies are studying at the Chicago University.

Professor's Box Party.

Wednesday evening Professor Eager gave a box party at the Auditorium to twenty-five girls and five teachers from the Seminary. The concert was given in honor of Clarence Eddy, America's greatest organist, assisted by Godowsky, Nareschalchi, Miss Buck and the Chicago Orchestra. The girls considered it a great treat and enjoyed immensely Professor's hospitality.

The Century's Prize for College Graduates.

With the aim of encouraging literary activity among college graduates, THE CENTURY MAGAZINE offers to give, annually, during four successive years, three prizes of $250 each, open to the competition of persons who receive the degree of Bachelor of Arts in any college or university in the United States during the commencement seasons of 1897, 1898, 1899, and 1900.

1st. $250 for the best metrical writing of not fewer than fifty lines.

2d. $250 for the best essay in the field of biography, history, or literary criticism, of not fewer than four thousand nor more than eight thousand words.

3d. $250 for the best story of not fewer than four thousand nor more than eight thousand words.

On or before June 1 of the year succeeding graduation, competitors must submit type-written manuscript to the editor of THE CENTURY MAGAZINE, marked, outside and inside, "For the College Competition," signed by a pen-name, and accompanied by the name and address of the author in a separate sealed envelop, which will not be opened until the decision has been made. The manuscript submitted must be the product of literary work done after graduation, and must not have been published. A circular giving full details concerning the competition will be sent to any address by The Century Co., Union Square, New York.
We wish to again remind our subscribers that Rice & Caron, managers of the College Book Store, are ready to receive payment on subscriptions and will give receipts for same.

Mr. Cyrus Knouff has been chosen to assist in managing the STENTOR for the remainder of this year, and has consented to devote part of his time and attention to this end. Mr. Knouff is a successful business student and the STENTOR will undoubtedly profit by his connection with it.

Y. M. C. A.

On last Tuesday evening Principal A. G. Welch, of the Academy, gave a talk before the Y. M. C. A. of the college. Those who were present heard one of the most practical addresses that has been given at Lake Forest for a long time. It was intense. It was earnest. It abounded in common sense. The life of the noted negro, Frederick Douglas, furnished the basis of the principal remarks, and the lessons were many that he drew from the experiences of this poor slave boy who rose to such mighty eminence.

On next Thursday evening Captain I. P. Rumsey, of Lake Forest, will address the boys of the college at the Y. M. C. A. meeting in Prof. Walter Smith’s room in North Hall. His subject will be “War”, and the Captain will touch upon some incidents of the civil war as well as the war against selling liquor to minors, the organization which the captain is connected with in Chicago.

The Y. M. C. A. of the college has sent Walter S. Elliott to represent the student body at the great convention of Student Volunteers at Cleveland this week. The Y. M. C. A., of Mitchell Hall, has chosen Miss Ethel McClenehan to represent the girls at this same convention. This is to be the most representative gathering of students ever held on the American continent and in many ways it has great significance. Arrangements are being made to have an “Echo Meeting” of the convention on the Thursday evening following the return of the delegates, at which reports of the convention will be made. This will be a union meeting of the college, academy and Mitchell Hall associations and the representatives of the three organizations will speak.

Science Club.

The meeting of the Science Club which was to have been held Monday night has been postponed till Wednesday evening, 7:45. J. A. Anderson will read a paper before the club, on “Petroleum from a Geological and Commercial Standpoint.”

Glee Club Notice.

The following is a complete list of the successful candidates for the University Glee Club:

**FIRST TENOR**

Walter S. Elliott, Will E. Smith, Wm. E. Hyde

**SECOND TENOR**

John E. Kennedy, Chas. A. Stanley, Guy W. Caron, Robert Ruth

**FIRST BASSO**

John B. Tewksbury, Alfred B. Loranz, Richard H. Curtis, Robertson Brown

**SECOND BASSO**

William B. Jackson, Wallace A. Walker, John J. Jackson, Richard H. Huizenga, Orville McCormack

The next rehearsal of the club will be Thursday night at 7 o’clock sharp in Athenaeum Hall. Every man in the above list must be present. Members must bring all music to rehearsals. List subject to change.

ROBERTSON BROWN, Leader.
ATHLETICS.

The Athletic editor would be pleased if any one having any athletic notes would hand the same to him.

Managers Banta of the Academy, and Tewksbury of the College, base ball teams have so arranged dates that there will be no conflict of games this spring.

We would advise any one who intends to run the 440 yds. to read the article in last weeks Stentor, by D. H. Jackson. D. H. has trained for several years and knows what he is talking about.

F. A. DuBridge and D. H. Jackson had a conference last Friday with Fred Stone, Director of the C. A. A., regarding the style of track to be put on the "cad" field. Probably a 1-5 mile cinder track with clay bed will be the one adopted.

That there are still a few in-door base ball enthusiasts at the academy is shown by the following challenge issued by the Gamma Sigma to the Tri Cappa literary society:

We the members of the Gamma Sigma literary society, of Lake Forest Academy, do hereby challenge the members of the Tri Cappa literary society, of the same school, to a game of in-door base ball to be played at any date agreeable to both teams.

"DOC" MEYERS, Pres.

The compulsory system of gymnastics in the college as it now stands is exceedingly unsatisfactory both to pupils and instructors. The Freshman and Sophomore wants to wait a year, the upper class men seem to think they are privileged characters and can come or stay away as they choose. This makes a very irregular attendance. We would suggest that the work be made compulsory for the first two years, that would start the men as soon as they enter college and they would be more apt to remain in the gymnasium for the remainder of their college course.

At a call for candidates for the academy track team twenty men responded. Their ability in general is an unknown quantity. Williams is said to have equaled the High School record in the 440 yds; Hamm is a promising candidate for the mile; Stark made a good showing last year but his 185 pounds are a big obstacle in the way, yet he does good work in the 220 and 440 yds. From all appearances the "cad" should have a good team this year. They have commenced active training and as soon as the men are somewhat sifted the training table will be started and a close watch kept on the diet of the men.

Feb. 19, 1896.

EDITOR OF THE STENTOR:

Some one has said that this is the age of advertising. It is certain that those enterprises succeed the best are those which are placed before the public in the most attractive light.

Now, it was my good fortune on Friday evening last to attend one lecture in the course given in Chicago by Prof. Burnup at the Brentano School. For exactly one hour and 17 minutes a miscellaneous audience of nearly 800 people listened attentively to the address on "The Dualism in German History."

Three points were clearly developed in the lecture. The first was a vivid presentation of a few of the salient features in the complex organization of the old German Empire, to the close of the Thirty Years War, showing how it was that the States of the Empire developed political independence at the expense of the central authority, until the latter practically vanished long before the lustreless Imperial Sceptre was voluntarily thrown away in 1806.

The two other points might be considered together. They were a clear cut sketch of the rise and development of Austria and Prussia. Their rivalry for supremacy within the empire is the Dualism in German History. This rivalry first broke out in armed conflict between Maria Theresa and Frederick the Great.

It was finally brought to a triumphant close by Prussia in 1806, when the helmeted legions of King William I forcibly thrust Austria out of Germany.

The cold logical development of this lecture was occasionally relieved by apt stories or a flash of wit, which elicited the hearty applause of the audience. At the close of the lecture all sorts of questions were asked in reference to our school, where it is, what it is, and what are its special advantages.

Now, to return to where I began. I regard the course of free lectures which our Faculty are giving in Chicago as the best possible way to bring to the notice of the people of the Windy City some of those advantages which L. F. U. has to offer earnest
students. Chicago people are profoundly ignorant of the L. F. U. The special value of these lectures is I think that they are doing much to enlighten the people on more subjects than one, especially in reference to this University.

A number of the boys have signified their desire to attend Prof. Burnap's lecture to be given on the 23rd inst. I should like to see a jolly crowd turn out and startle the natives with our varsity yell.

A loyal student of L. F. U.
A. H. C '99

The following incident as described occurred several weeks ago, and would have been printed in the STENCTOR earlier but for lack of space in last week's issue. The divine creator of this poem will make a name for himself next spring no doubt.—Ed.

That Cow in Rhyme.

Two Sems were walking slowly home
As happy as could be;
But when they reached the College grounds
A horrid cow they did see.

A scream arose, the air was rent,
They both were seized with fright,
For that horrid cow had shook her head
As if prepared to fight.

The bravest one began to run
And passed that ferocious brute;
But the other one was left behind
Atremling pale and mute.

The cow was ready for some sport
And so she shook her tail,
To see what effect it would have
On the one so awful pale.

Now no longer stood the maiden there,
But running with her might
She left bossy calm and serene
And she in a rapid flight.

On, on, the maiden flew
The cow fainted dead away;
Because she could not understand
Why the maiden ran that way.

Pale and breathless she reached the Sem,
Glad to be at home once more,
And to think she'd escaped unharmed
From the cow that was after gore.

MORAL.

Girls, when perchance a cow you meet
Do not be frightened and get pale,
But please always bear in mind
That thereby hangs a tail.

A Double-Jointed Mellow-Drayma.

It is 10 o'clock in the evening. The room, a tasty, nay even elegantly furnished apartment in the style Louis Sixe, is dimly lighted by the ruby glow of a shaded lamp. Costly knick-knacks are scattered about the room, and spread upon the polished floor are numerous and costly rugs. Near the door stands a priceless vase decorated in Wattean landscapes in a position which makes it perfectly natural for one entering the dim room to knock it over.

They are all alone with their thoughts and themselves, he and she. They converse in low, eager tones with love beaming from their sparkling eyes. Ever and anon he leans toward her and as one sees that he grows more earnest he takes her lily-white hand in his and presses it fervently. He becomes more insistent and more pleading; he kneels before her and one can feel the intensity of his passion in his every gesture. Suddenly he rises and their souls melt together in the rapturous meeting of their lips. She springs aside as quickly as if stung by an adder and with tears in her eyes and a wealth of regret in her voice she exclaims, "Ah, Rudolph, you have broken your promise, you have been eating onions again."

GESS NIT

Flashes From the Wires.

Feb. 15.—6:25 p. m. R. B. K. still waiting down town to see the new electric lights lit. Curiosity unsatiated.

Feb. 16.—"Jumbo" and "Shorty" do their great act entitled "What time is her?"

Feb. 17.—1:15 a. m. The scratching of Brown's pen as he grinds out page after page of—keeps his neighbors awake. Indignation meeting in 22.

Feb. 18.—"Gee, whose "delicious trimmings" necktie is that?" Tableau.

The following officers were elected at the last regular meeting of the Kappa Sigma Fraternity:
G. M.—C. W. Knouff,
G. N. C.—A. H. Colwell,
G. P.—H. Miller,
G. S.—O. H. McCormack,
G. T.—W. K. Herrick,
Chaplain—J. Kennedy,
Guard—D. F. Biggs.

After a hard struggle the undergraduate indoor base ball team succeeded in hanging the Alumni scalp on its belt. Although Capt. Warren, of the Alumni had a serious idea that the umpires assisted the under-graduates to a considerable extent in winning the game, yet the victors think that if the umpiring had been more strict their score would have been larger.

The Alumni were first at bat and before the home team could retire them they had pushed three men across the plate, and Betten took up his wagon tongue and walked up to the plate. The mighty D. H. was in the box. His quick snappy delivery fooled the school boys considerably at times during the game and they were only able to score two points before they were forced to the field again.

Then the fun began—and the "old stars" showed the "locals" how to play fast ball—the locals took the pace and beat out Hayner said "now I'll show you how to run bases." Well, he did—but he had to run both ways, for the umpire would call "back to first" and Fred would trot back. Dave Fales put up an elegant game back of the bat. In fact the way all of the Alumni handled the ball was a surprise to the local team and to the spectators, as they have had no practice with an indoor ball. They showed however that they were able to put their old out door base ball experiences into play on a smaller diamond. They would slide bases in the good old style—Hayner, however, so far forgot himself once as to slide home feet first.

In the last part of the game the Alumni began to crawl up and soon it became apparent that unless the locals did something desperate they would soon be snowed under and in the first half of the ninth inning the Alumni went one ahead, but the locals had last bat and pulled out of the hole.

On the whole the game was close and exciting and it is to be hoped that the Alumni will repeat their trip out here soon and help to entertain the people as well as entice the boys and urge them on to harder work.

The following is the line up and score:

BASKET BALL GAME.

Saturday night the Basket Ball Team met a rather severe defeat at the hands of the Hull House Team, of Chicago. A large number of spectators witnessed the game regardless of the stormy night. The game was fast and hard and Lake Forest lost because of the superior team work of the Hull House boys.

Capt. Jaeger has been suffering from water on the knee for several weeks so his play was not up to his usual style, added to this he was opposed to the best man on the Hull House team. Hull House scored 8 goals in the first half and live in the second, while Lake Forest only made two goals, one in each half.

Our team showed great weakness in defensive play and as a result their offensive play was not noticeable. Hull House gave an exhibition of what fast basket ball was, and a goodly number of the Lake Forest men occupied themselves in giving a practical exhibition of how basket ball should not be played. A great weakness was the listless passing of the ball by our fellows, always in the overhand style. None of the men used the swift side pass which was a source of such strength to the Hull House team. For Lake Forest J. J. Jackson and Curtis played a good steady game and staid well with their men. The Lake Forest men must learn to adapt themselves to different styles of play, must stick closer to their opposing men and must meet rough playing, such as the Hull House team showed, in its kind. The line up was as follows:

Goals from field: McLaughlin 8, Hall 2, Peary 2, O'Connell 1, Jaeger 1, Tewksbury 1. From fouls: Curtis 2, Jaeger 1, Jackson 1.

Final score—H. H. 26, L. F. 8.
EXCHANGE.

It is officially announced that W. E. Forbes will be head coach of the football team for the coming year at Harvard.

W. A. Graff and C. W. Knouff attended the banquet of the Kappa Sigma Alumni Association, of Chicago, Saturday night.

The faculty of Princeton have recently passed measures forbidding the members of any of the athletic teams taking part in any games as members of any of the various athletic teams in the country.

As a result of an attempt on the part of the Iowa University Sophomores to haze the Freshmen, several of the latter were severely injured, and twenty-two of the participants were expelled from the institution.

Brown University requires each student to exercise four hours each week in the gymnasium. For class drill the Freshmen use Indian clubs, the Sophomores dumbbells, the Juniors single sticks, and the Seniors fencing foils.

Each student is regularly marked and credited in his gymnasium work, faithfulness and punctuality being the tests.—Vidette Reporter.

It is quite probable that a team of athletics composed of the first and second men in the next annual meet of the intercollegiate Athletic Association will go to London in the summer to meet the cream of the athletics at Cambridge and Oxford. At the annual meeting of the Intercollegiate Athletic Association in New York on February 26th, a motion will be made to open negotiations with the English universities regarding such a meet.—U. of M. Daily.

True.

"You can drive a horse to water
But you can't make him drink"
Is a maxim which is quoted
More often than you'd think.
The way they state the maxim now
We will tell you in a wink,
You can drive your son to college
But you can't make him think.

Gess Nit.

Sie.

Ich Kenn ein liebes Madchen,
So gentle and polite,
Her eyes sind wie den Mondschein
Of a mild and summer night.

Her lips sind wie ein cupids bow
Ihre Wangen, wie die Rosen
Her step is like the gentle flow
Der Bacher, an den Noosen.

Her voice ist wie die Dammeoung,
So soft and modest too,
Und falls auf das horchend Ohr
Like on the grass the dew.

Her smile is like the glowing tint
Des fehnen Morgenscheins
I would that she were always near
And dass Ihr Hertz were mine.

First Junior: "Was it not disgraceful the way Kohlman snored in history today?"
Second Junior: "I should think it was. Why, he woke us all up."—Olive and Blue.

"May I print a kiss on your cheek?" I asked.
She nodded her sweet permission.
So we went to press, and I rather guess I printed a large edition.

PREPARE FOR FIELD DAY

by strengthening your system with

Vigoral

—a cure for fatigue. Approved by the most experienced trainers.
N. W. University, Evanston, Ill.

Gentlemen:—I take great pleasure in recommending your "Vigoral" to athletes in every branch. I used it daily at the Training Table of the Northwestern Football Team during the past season, and find it to be just what you claim for it and more. I shall always use it on my Training Tables.

W. C. BRYAN, Physical Director.

A beef preparation made by

Armour & Company, Chicago.
