The Stentor, March 22, 1898
COLLEGE NOTES.

H. O. Morris visited last Sunday in Randolph, Wis.

The campus has already begun to take on its spring garb.

Robert Fauntleroy, '01, spent Sunday with friends in the city.

R. H. Curtis spent Tuesday evening with E. R. Ray at his home in the city.

The Six were entertained by the Sumus Septeni at a fudge party Saturday evening.

The Musical Clubs have been doing some hard work preparatory to taking the spring trip next week.

It is reported that W. F. Jackson is rapidly recovering and is expected to be out again in a short time.

Doctor and Mrs. McClure gave a very pleasant reception Friday afternoon to a number of college students and the Ferry Hall juniors.

John Dorn did a surprising amount of "work" Friday; i. e., watched a game of cinque steadily for three hours. Takes a vacation Saturday.

The basket ball game with Olivet Mission in the gym Saturday night, being the last game of the season, brought out quite a number of students.

Base ball aspirants and others who care for less violent forms of exercise may be seen every afternoon dotting the campus and making things generally lively.

"Griff" Roberts makes his first visit to the city on Saturday. Boards a north-bound train, but quickly unboards at the advice of anxious friends. Proceeds on his way rejoicing.

The Athenæan Literary Society elected its officers for the spring term Friday evening. The following men were elected: President, H. O. Morris; vice-president, Cornelius Bette; secretary, W. A. Walker; treasurer, J. E. Kemp; critic, C. J. Hannant; sergeant-at-arms, A. B. Hoagland.

The proofs of the Glee Club picture have arrived and have proved to be the best of any yet taken of Lake Forest clubs. The twenty-eight men in the picture make a good showing, and the lithographs which are to be printed from it ought to help greatly to advertise the clubs.

Among the aspirants for track team honors who appeared on the campus last week was Paddock, who was attired in a bathing suit of a beautiful blue-green shade, harmonizing finely with the budding spring verdure. Result, he and Hannant able to run to lunch Saturday in record-breaking time.

Dame Spring has come with her myriad showers; her rubbers, umbrellas, and fresh, budding flowers, her zephyrs, and robins, occasional sunshine—Alas, what did she with study hours once mine?

TOWN NOTES.

Miss Annie Brown gave a very pleasant afternoon tea Saturday to the young ladies of the college and town. Miss Katharine Gardner and Miss Augusta Stuart assisted in receiving and Miss Johnson and Miss Syvertson poured. Among those present were: Dr. and Mrs. McClure,

Misses—
Pratt, E. and M. Fales, Dickinson,
Leavitt, M. Rumsey, F. Wood,
Sickles, Coleman, F. Rumsey,
Douglass, Bél, Byllesby,
Andrews, E. and M. Clemenhan, Miller,
Moore, Stewart, Rogers.

Miss Brearly has been suffering from an attack of the grippe.

Mrs. Burnap has returned to Lake Forest after an absence of several weeks in the East.

Mrs. Davies received news Wednesday of the death of her mother in Cincinnati.
ACADEMY NOTES.

C. K. Offield, of Chicago, visited his son Sunday.

Mr. Hanson visited with Mr. Banta at the dormitory Sunday.

Dr. B. M. Linnell, ’89, and his wife, ex-'94, spent Sunday with the Misses Learned.

Mrs. Welch returned home the latter part of last week from a visit to Milwaukee.

Mrs. Truesdale and the children left on Saturday for a two-weeks' visit in Indiana.

Professors McKee and Strong and Mr. Fehring attended the grand opera Saturday.

Mrs. S. E. Coblentz is spending a few weeks at the home of her parents in Bloomington, Ind.

L. O. Scott, for two years a L. F. A. boy, is a prominent student in the university at Wooster, Ohio.

The zoological laboratory aquarium was increased by the arrival of a large snapping turtle Saturday.

Professors McKee and Strong attended the meeting of the University of Chicago Botany Club Tuesday.

Prof. McKee will spend his vacation at the home of his brother, Rev. J. Archie McKee, at Waveland, Ind.

Professors Cooper and Coblentz will spend a part of their vacation visiting friends at the Chicago University.

Mrs. W. L. Burnap is back at the Academy with us again. She has been spending a month or more visiting in the east.

Rob Rath, Paul Campbell, Gus Landmann, and Walker Banning will go on the college glee club trip this vacation.

Leslie Haie, Herbert Stark, Claude Baird, Perley Terwilliger, and a few others will stay at the Academy during the vacation.

Professors Williams and Dudley will probably be in Lake Forest about the end of the month, perhaps in time for the contest.

"Spiv." Holden will spend part of the vacation selling his mother's books, "Rosemary and Rue" and "Amber Glints," by "Amber."

Mr. and Mrs. Welch, Miss McQueen, Miss Sickles, Mrs. Sickles, Miss Lily Welch and Mrs. Bergen made up a box party at the opera "Faust" Saturday evening.

The Academy is represented at Yale this year by the following graduates: A. C. Smith and Edward Yaggy, '94; Allen Warren and E. J. Warner jr., '93; Frank Ferry, '96; and Arthur Yaggy, '97.

Messrs. Hale and Myers tramped it to the temperance town of Waukegan Saturday. Judging from the condition in which they arrived at the dormitory it was quite evident why they saved their money and walked.

Miss Learned gave the boys a treat last Friday by singing for them in chapel. The boys enjoyed it very much and will look forward to such another treat with pleasure. Miss Learned was accompanied by Miss Mayme Pratt.

Professor Truesdale was elected president of the Western Alumni Association of Chicago at the annual banquet held last Thursday evening at the Palmer House. About sixty of the eight hundred graduates of the University of Wooster are located in or near Chicago.

The contest between the two literary societies, Tri Kappa and Gamma Sigma, takes place next Thursday evening, March 21, at 7:30 o'clock, in Reid Hall Chapel. The friends of the Academy and the two societies will be welcome. The events are declamation, debate, and essay. The Gamma Symbola will be represented by Oliver Willis and Albert Hall, both of Elgin, in declamation; by Edgar Johnson, of South Bend, Ind., in debate; and by Eugene Hamm, of Ipava, Ill., in essay. The Tri Kappas have chosen to represent them in declamation Will Gilbert, of Elgin, and Blair Larned, of Lake Forest; in debate, Warner Preston, of Marseilles; in essay, Arthur H. Crosbie, of Salem, Iowa. The contest promises to be a close one, as all the participants are earnest fellows and hard workers. Society spirit is alive and interesting, but is held under manly control. The boys are learning a valuable lesson in the self-control necessary to live with and elbow persons who are hourly planning their defeat and will shout for joy when it comes. Verily, the United States thinks Spain is an easy victim, and Spain thinks Uncle Sam's children are great soldiers in worldly wars.
Science Club at the home of Professor and Mrs. Stevens Monday evening.

Misses Maud and Miss Mohr were called home last week by the serious illness of their grandmother.

Mr. Eisenstadt, of Chicago, and Miss Kate Regan surprised Miss Alice Eisenstadt on her birthday Friday.

Miss Kallman and Miss Hattie Lepman were guests of Miss Eisenstadt and Miss Lepman over Sunday.

They say there has been too much "Life" in the Library heretofore. For a while it will be conspicuous by its absence.

The latest accomplishment of the Ferry Hall maiden is to copy Gibson, some of his subjects being special favorites.

The "Sunsis Septem" entertained at a fudge party Saturday evening Messrs. Sickles, Curtis, Swift Runsey, Denslow and Blackler.

Miss Nell Payton will spend a few days with her sisters at the Seminary next week. She expects to start for Europe the 30th of this month.

Miss Cushman entertained several friends at dinner Friday in honor of Mrs. Sherwood, who gave a delightful lecture on "Art" in the Library Friday evening.

Because the dress of a popular young lady happens to be trimmed in maroon and pink bows, it is no sign that her interests are with the Gamma Sigma's.

We hear that a manufactory in Chicago has had special orders for five hundred yards of ribbon in the Tri Kappa colors. This is to be given to some of the loyal Sems, and will be worn next Thursday night.

Some one is deluded in thinking that the Seminary girls were instrumental in the laying of the new board walk. If we are not mistaken we are indebted to some of the energetic Academy boys for making it possible for the girls to "cut cross" the campus when the road is muddy.

The howling elements without had no effect upon the happy party of young ladies who enjoyed the hospitality of the Senior Class of the Academy Friday evening. The dinner was unique and one of the most delightful affairs of the year. Those present from the Seminary were Misses McClintoch, Hotchin, Everett, Flinn, Paddock, Johnson, Baker, Tarbell, Paton, Douglas, Payne and Miss Edith Platt.

Although we heard at a late hour that St. Patrick was Scotch and not Irish it detracted in no way from the jubilance of those who celebrated on that verdant occasion. A number of prominent people are honored in having their birthdays on this most pleasant day, which added much to the excitement. At dinner several tables were beautifully decorated with white carnations, smilax and ferns. Green bows, paper caps and ice cream were luxuriously indulged in. Our famous photographer took a flash-light of Miss Brown's and Miss Ripley's tables, which will serve as a happy memento of the occasion.

We are extremely sorry that some people's birthdays come but once a year. Monday evening the Seminary dining room presented a very pleasing picture, everyone being in evening dress in honor of the noted anniversary of the "Beau Brummel" of the Faculty. One table was elaborately decorated with cut flowers, roses and marguerites. Here Professor Eager entertained Miss Sargent, Miss Taylor, Miss Ripley, Miss Sizer, Misses Payne, Payton, Penwell and Everett, and Messrs. Jaeger and Tewksbury. While the birthday ice cream was being served several of the tables gave "yells" appropriate to the occasion, to which Professor responded with a speech. The dinner was followed by a short musical in the chapel. Professor Eager and Miss Ripley played several duets, which were heartily encored.

"Three cheers for Tri Kapp,"
We heard "Tommy" shout,
Then a rush down the corridor—
Result: Tommy laid out.

TO OLGA.

If you love me, come and be
In my heart of hearts and see
How I think of naught but thee!
If you hate me, tell me so;
I should love you still, I know.
Hate to love will sometimes grow.
If you neither love nor hate,
And can never be my mate,
Then is mine a cruel fate.

—M'Clure L'Overture.

Entered in the Post Office at Lake Forest, Ill., as second-class matter.

In another column of the STENTOR will be seen the report of the basketball management for the season just past. This report contains a plea for basketball as indoor game for the winter term, showing in several ways the merits of the game. The small number of men who make up a team in basketball reduces the expense account very materially, and as the game has so many spectacular features it is almost certain to draw large numbers of spectators; therefore, the prospects are that in a successful season a neat sum may be handed in to the general fund of the Athletic Association. In view of the fact that there seems to be a sentiment against basketball among the colleges, we state the facts of its success, in a financial way at least, for this season in Lake Forest, and hope that it will be taken up again next year.

As we go to press this week prepared to take a short vacation of two weeks we feel that much of importance to the students will take place before the STENTOR will again appear. Two events at least, in the hands of the students, are to take place—the Academy contest and the Glee Club trip. The renewal of the Literary Society contests in the Academy is more or less of an experiment, and it will be in the hands of the students themselves as to whether these contests may be made a benefit or an injury to the societies. We hope this contest may prove a successful one in all that a contest can do and that next year another one will follow. As for the Glee Club trip, although it is not a new move, still it is so distinctly a student enterprise that we feel that we should remind the students taking this trip, that for themselves and for the University a vast amount of good or injury may be the result, according to the spirit they manifest while away from home. A college glee club should certainly be an advertisement to a college, yet it may, if unsuccessful in any way, be made a detriment to the best interests of the school it represents. We extend the best wishes of the STENTOR to the musical clubs for a successful trip.

THE GLEE CLUB TRIP.

When the glee, banjo and mandolin clubs start on their annual tour next Saturday, they will undoubtedly be the best clubs that have thus far represented the university. Since Thanksgiving the boys have been in almost daily practice, and that they are in such excellent condition is due almost solely to the hard working spirit they have shown in rehearsals. The glee club has been selected out of about forty available candidates, and the voices are well balanced and of pleasing quality. The instrumental clubs have been selected out of comparatively the same number, and the class of music they are playing speaks well for the personnel of the clubs and for their leaders.

The management has been in competent hands—W. A. Graff as manager and R. B. Kyle as assistant. The selection of arrangements for the tour always causes a great amount of work, but nevertheless the itinerary is the best the clubs have had for several years. Hebron, Ill., is the first date and will be made Saturday night, Sunday will be spent in Sheboygan where the Monday concert is to be given; Plymouth, Sheboygan Falls, Fond du Lac, Oshkosh and Racine follow in the order named, and on Monday, April 4, the fellows will return home.

Receptions are to be tendered the clubs in every town, and from a social standpoint the trip promises to be an unqualified success.
JACOB BEIDLER DIES.

Jacob Beidler, one of Lake Forest University's staunchest friends and the founder of the Jacob Beidler chair of physics in the University, died at his home in Chicago last Wednesday morning. Mr. Beidler was not only well known and highly esteemed as one of the public spirited and upright men to whom Chicago owes much of its greatness, but he was also a very prominent man in trade circles in the northwest.

He was born in Bedford, Pa., in 1815 and came to Springfield, Ill., in 1842, where he worked as a carpenter for a year. After a year in that city in business with his brother, he came to Chicago and embarked in the wholesale lumber business. This business was largely increased from time to time, despite the many changes in carrying on the trade. In addition to his immense lumber interests Mr. Beidler had vast dock properties in the lumber district and owned blocks of business property on the West Side. Though he was several times a millionaire, it was his belief that wealth could be secured without the wrecking of the fortunes or the betrayal of confidence of others, and all who know him agree that he was thoroughly honest and consistent in his practices and beliefs.

Among the most important of his many charities were the gift of one-third of the cost of the Y. M. C. A. building in Chicago and large endowments to the Presbyterian hospital. His contributions for charitable and church purposes were always liberal and he could always be relied upon to support any worthy work.

Mrs. McClure Receives.

Friday afternoon the three lower college classes and the Ferry Hall Juniors were invited to an "At Home" by Dr. and Mrs. McClure. Dr. McClure was called to Chicago on that afternoon and Mrs. McClure received. In addition to the students a large number of Lake Forest people were invited, and from 4 till 5:30 "The Manse" was a scene of pleasant meetings and the making of acquaintances. Misses Larned and Minnie N. Krumsey served light refreshments, while Miss Brown poured tea. The event was very pleasant to all who attended.

Harvard and the University of Pennsylvania are likely to have a relay race.—Ex.
The senior class of the Academy entertained a few of the fair sex at dinner Friday evening, March 18, at the Eliza Reusen cottage. The table was decorated in gold and blue, the class colors. The ladies were furnished with pink roses and the gentle men with carnations. A large bunch of daffodils ornamented the center of the table. The dinner cards, artistically done in gold and blue, were obtained from Spanlding & Co., of Chicago, and Morse, also of Chicago, supplied the ice cream, which was molded in the shape of small candle sticks, in class colors, and was brought on the table lighted. The menu was delicate and tasteful, and all enjoyed a most pleasant evening. Those present were:

Misses—
McClintock, Baker,
Douglas, Everett,
Flinn, Hotchin,
Johnson, Paddock,
Payne, Payton,
Platt, Tarbello.
Messrs—
Anderson, Johnson,
Mayr, Millar,
Follett, Parsons,
Fehring, France,
Myers, Ward,
Williams, Banta.

BASKET BALI.

Manager R. B. Kyle of the Basket Ball team has handed in his report for the season, showing that although the season was not a success from the standpoint of games won by the home team, still financially it was quite successful.

R. B. KYLE, DR.
Receipts from Red and Black game... $8.85
Englewood game ........................................... 12.50
Hull House game .......................................... 9.75
Alumni base ball, 2 games .............................. 18.50
West Side Y. M. C. A. .................................... 13.05
Olivet Mission game ...................................... 15.05
Total .......................................................... $77.70

R. B. KYLE, CR.
R. R. Tickets ........................................... $92.75
Carriages .................................................. 4.80
Lunches ..................................................... 1.35
Olivet Team (expense) ................................... 6.80
Basket Ball .............................................. 4.50
Sundries ..................................................... 3.90
Total expense ........................................ $55.10
Balance on hand ........................................ $22.60

CAD CONTEST.

Every man who had ever attended the Academy was overjoyed when the announcement was made some weeks ago that the Cad contest which had been for some years in abeyance was to be revived. Previous to '96 the annual contest was the event of the year in the preparatory school, and it was with great regret that the student body heard the announcement after the contest of '96 that in the opinion of the authorities the contest fostered an unhealthy spirit and consequently was to be discontinued.

This year the old and honorable custom is to be revived, and Thursday night Tri Kappa and Gamma Sigma will do battle royal for the honors of the evening. The events are to be three: declamation, in which are entered two from each society; essay, and debate. Gamma Sigma is to be represented by Willis and Hall, declamation; Hamm, essay; and Johnson, debate; and Tri Kappa by Larned and Gilbert, declamation; Crosbie, essay; and Preston, debate.

Individual prizes, gold medals first and silver medals second, are to be given to the contestants, and a trophy in place of the banquet of old to be given to the society making the highest average on the contest. There can be no question but that in years past an unfortunate spirit grew out of this contest, but at the same time it is also a fact that they were a source of a great benefit in that they developed, not only in those vitally interested but in the whole student body, real and true Academy patriotism. It is probable that the renewing of the contest was in the nature of an experiment and it will be much regretted if the societies do not enter into it in the spirit which is expected of them.

Minnesota's paper will soon be changed to the "Daily Ariel." It is worth while to note that each student pays a fee to the registrar and receives the paper. It will be a folio for four days, the fifth being devoted to literary and miscellaneous matter. It will be a morning paper, and will go to press not earlier than 9 o'clock p.m.—Ex.

The annual relay carnival of the University of Pennsylvania will be held at Franklin Field April 30.
ATHLETICS.

Chicago University seems to have lots of candidates for base ball, and should be able to turn out a good team.

The Academy base ball and track team took its first outdoor work Monday, and prospects are fair for a good team.

Lake Forest basket ball team suffered defeat at the hands of Olivet's crack team last Saturday evening. Lake Forest, however, showed much improvement in basket throwing, and had J. Jackson been able to stay in the game the result no doubt would be different, for he was getting the ball his share of the time at center.

Goals from field—Bowman, 5; Weigand, 5; Worth, 2; Bach, 1; Kemp, 2; Jaeger, 2; Jackson. Goals from fouls—Bowman, 2; Weigand, B; Kemp, 2. Fouls on Lake Forest, 9; Clybourns, 5. Referee, G. Lorenzen. Umpire, Swanson and D. H. Jackson. Time keeper, Flashman.

From the standpoint of games won and lost the basket ball team does not show up very favorably, but when we take the circumstances into consideration they have made a very good showing. In the first place, this is the first time that any of the men have ever played the game, and every team that we have played has been among the strongest in the city, and teams composed of men who have played the game from two to five years. Then we have been unfortunate in the injury of two of our best players, Jaeger and W. Jackson. On Saturday evening J. Jackson was compelled to leave the game before the close of the first half on account of a bad sprain received in his foot, which forced Jaeger with his bad knee to play the game. Several other little things have happened which tend to demoralize the work of the team. So, in the face of all these difficulties, we feel satisfied with the showing Capt. Jaeger and his team have made, and congratulate them on having nerve to meet the strongest teams to be had.

Athletic Exchanges.

W. E. Forbes will be head coach of Harvard's football team for the coming season.

At a mass meeting held at Brown recently it was decided to continue the track team for another year.

Las-ke-Sze, a Chinaman, is one of the fifteen candidates for the cockswain's seat in Cornell's 1901 crew.

Cochran, Princeton's ex-captain, will shortly leave for California to coach the University of California's football team.

Members of the Harvard track team will not be allowed to enter indoor meets during March. This is to prevent their becoming stale.

John Baird, Princeton's fullback, who was chosen captain for next year, has resigned owing to ill health, and A. J. Kelley has been chosen to succeed him.

From actual statistics it is shown that at Andover the foot-ball eleven of last season had a considerably higher scholarship average than that of the whole school.

The Princeton baseball management has engaged three coaches for this season: Jayne, last year's pitcher; ex-captain Bradley, and William Clarke, catcher on the Baltimore nine.

At the ninth annual indoor games of the Boston Athletic Association Harvard won the team race from Yale in 3 min. 21½ sec., thereby creating a new indoor record for the distance.

Science Club.

The regular meeting of the Science Club was held Monday night at Professor Stevens' house. Dr. Bayard Holmes, of Chicago, read a paper, "The Present Trend Toward Socialism," and some of the results when the state which he calls "socialism" shall come about. His paper was very pleasing and many of the members of the club enjoyed personal discussion with Mr. Holmes afterward. After the paper was read the members of the club and many visitors partook of the hospitality of Prof. and Mrs. Stevens. Altogether, this meeting was one of the most successful and enjoyable evenings which the Science Club has spent. The next meeting of the club will be Monday evening, April 11.
MITCHELL HALL NOTES.
Misses Steele, Attee and Rife attended the opera Saturday.

The Aletheian Society entertained a number of the college men Saturday evening.

Miss Steel and Miss Wood will visit in Manhattan during the vacation.

The Aletheian Literary Society held an open meeting Friday evening, to which the faculty were invited. The program was as follows:

Music..........................Miss McNitt
Book Review.........................Miss Steele
Essay..................................Miss Gridley
German Recitation..................Miss Miller
Oration..............................Miss Moore
Newspaper.............................Miss M. McClanahan
Original Poem.........................Miss Douglass
Music..............................Misses Wood and McClanahan
Debate..............................Misses Bell and E. McClanahan
Comedietta............................Misses Bell and Williams
Medly.................................Aletheian Society
